

UBIQUITI UNIFI WIFI

AMAZING WI-FI EXPERIENCE

PC Pitstop has been helping clients implement Wi-Fi networks around Port Macquarie and surrounding areas for over 20 years.

WHY UBIQUITI UNIFI?

Ubiquiti Unifi is a scalable, reliable, and cost-effective solution for businesses to implement and it has great reviews from users.

We have installed this system with numerous clients and are proud to report that we have seen a huge increase customer satisfaction as a result.

The Ubiquiti Unifi solution ticks all the boxes. Some of our clients report that their customer complaints about Wi-Fi problems have gone from several a day to zero!

WE SPECIALISE IN SETTING-UP UBIQUITI UNIFI WIFI SYSTEMS

The Unifi Controller is a commercial grade wireless network management software solution from Ubiquiti.

Stop using cheap underpowered home grade WiFi access points to run your business.

We also set up Ubiquiti Unifi solutions for non-hospitality small businesses in and around the Port Macquarie area. Today, more than ever, having a fast, safe, and secure internet connection is essential.

BENEFITS FOR YOUR BUSINESS

Gain a **Competitive advantage** over other hospitality businesses by offering amazing internet.

Fast connections reduce guest complaints (we have seen this first-hand).

Ubiquiti Unifi is scalable and grows with your business.

Enhance your guest experience by providing **fast, safe, and secure** Wi-Fi.

When you work with PC Pitstop to install your network, we can **manage it remotely**.
